**Re: Response to Request for Subcontractors for CALTRANS Contract 01-0B2904
Item No. 21, Item Code 146002- Contractor Supplied Biologist (LS) and Item No. 22,
Item Code 146003- Natural Resource Protection Plan (LS) - Route 101 Del Norte
County near Crescent City at 0.2 mi. north of Hamilton Road**

Dear Keith:

NRM is pleased to provide the attached offer for biological related services to Stewart Engineering Inc. for the above Del Norte County CalTrans project. NRM is a Eureka based employee owned certified small business (OSBCR #0016561) that has provided natural resources planning consulting services since 1971 and has CA DIR registration number 1000011519. We have previous subcontracting experience on similar CalTrans projects. We also have previous experience with other similar projects and will be able to provide these services to your firm for the above project at cost effective rates.

NRM offers the following services: Natural Resource Protection Plans, Biological Resource Information Plans, worker awareness training, regulatory specialists, agency permitting including CDFW, USFWS, ACOE, RWQCB, Coastal Commission, etc., terrestrial and fisheries biologists, raptor and migratory bird surveys and plans, fish protection and salvage plans, botanical surveys, wetland delineations, pre-construction surveying and reporting, compliance monitoring, and GIS mapping. Please see www.nrmcorp.com for more information.

Please see the attached cost proposal. If desired, we can also provide a NRM company information sheet and profile, and professional resumes. If our services and cost structure meets your project needs, we would be interested in discussing project specifics for this and others. We appreciate the opportunity to provide this offer for your consideration and we look forward to working with your firm and CalTrans on this project.

Please feel free to contact us for additional information, or if you have any questions.

Sincerely,

Bob Kelley,
Vice President

NRM COST PROPOSAL FOR SUBCONTRACTOR SERVICES FOR CALTRANS CONTRACT NO. 01-OB2904 DEL NORTE COUNTY- ROUTE 101 0.2 MILES NORTH OF HAMILTON ROAD

The following hourly charge rates for key personnel associated with this project for performing biological surveying under Bid Items No. 21 & 22 for CalTrans Contract No. 01-OB2904 near Crescent City, CA are offered by NRM as follows:

<u>Labor Category</u>	<u>2016 Charge Rate (Hourly)</u>
Wildlife Biologist	\$62.00
Project Manager	\$75.00

In developing a day rate for biological work associated with CalTrans Contract No. 01-OB2904, the above charge rates are used in determining the labor cost. Labor cost on an eight (8) hour workday basis is \$496.00/day for the Wildlife Biologist, and \$600.00/day for the Project Manager. These rates are straight time only and do not include overtime hours.

Lodging is expected to be nearby in the Crescent City area, and costs are expected to be approximately \$120/night. Per diem is \$30/day/person.

Travel costs associated with this project will be billed at the IRS reimbursement rates. For 2016, the IRS rate is \$0.54/mile driven. Travel between Eureka and Crescent City is approximately 180 miles round trip. Daily on-site travel is approximately 10 miles. Following are the eight (8) hour workday costs per biologist associated with this bid:

<u>Wildlife Biologist on-Site Day</u>	<u>Project Manager Office Day</u>
Labor- \$496.00/day	\$600.00/day
Lodging- \$120.00/day	
Travel- \$25.00/day	
<u>Per Diem- \$30.00/day</u>	
Total- \$671.00/day	\$600.00/day

These above day rates are for a standard eight (8) hour day w/ no overtime

Below is NRM's cost proposal per biologist for performing a twelve (12) hour work day if requested by the Contractor:

<u>Wildlife Biologist on Site Day</u>
Labor- \$868.00/day
Lodging- \$120.00/day
Travel- \$25.00/day
<u>Per Diem- \$30.00/day</u>
Total- \$1,043.00/day

These above day rates are for a twelve (12) hour work day which includes overtime

NRM COST PROPOSAL FOR SUBCONTRACTOR SERVICES FOR CALTRANS CONTRACT NO. 01-0B2904 DEL NORTE COUNTY- ROUTE 101 0.2 MILES NORTH OF HAMILTON ROAD

The above daily costs include all expected subcontractor costs required to conduct biological surveying and monitoring described in CalTrans Contract No. 01-0B2904. Our cost proposal includes fully burdened labor rates with employee benefits, taxes, payroll costs, insurance, overhead, and profit included in the rates. For the tasks described in the CalTrans bid package for this project we estimate the following number of days will be required to complete the work:

Preconstruction Surveys for migratory birds and amphibians: (1) Wildlife Biologist for 10 on-site days - **\$6,710.00**. This price includes amphibian relocation.

Monitoring- It is unknown how many Biologist monitoring days will actually be required during site disturbance as this is dependent on the Contractor's schedule, efficiency, etc. This can be calculated by determining the number of days expected for disturbance activities multiplied by the cost of the Wildlife Biologist on-Site Day.

EXAMPLE- if expected that 5 days are required for vegetation removal, grubbing, etc., the monitoring cost would be (5)(\$671.00) = \$3,355.00.

It is recognized Item No. 21, Item Code 146002 Contractor Supplied Biologist, requires a Lump Sum price. Based on the above estimates, our lump sum price is **\$10,065.00 if the monitoring time required is 5 work days and calculated on straight time with no overtime built in**. If the contractor anticipates additional monitoring time to be required, the day price for the on-site wildlife biologist would be applied to the above lump sum price. Likewise, less monitoring time would reduce the lump sum price accordingly.

Work Item #22, the Natural Resource Protection plan is estimated to take 40 hours for the NRM Project Manager to prepare. This would result in a cost of **\$3,000.00**.

We would welcome your discussion of this project in providing a successful bid to CalTrans.
Thank you.
